Weather permitting; Midstate Traffic Control personnel will replace the traffic signal controller cabinet at the intersection of Robinson Street and Interstate Drive East on Monday, August 6, 2012. The intersection will operate under all-way STOP control beginning shortly after 9:00 AM. Full traffic signal control should be restored by 1:00 p.m.

The I-35/Robinson Street Interchange Northeast Quadrant Project involves reconfiguring the northbound on and off ramps, a new traffic signal, drainage improvements and extending Interstate Drive from Robinson Street to Mount Williams Drive. Construction began on the project on Monday, April 2, 2011. The Oklahoma Department of Transportation is responsible for the construction of the project. The prime contractor is Silver Star Construction of Moore. The lead engineering firm on the project is EST, Inc. of Norman.

Additional questions may be directed to Mr. John Clink, Capital Projects Manager, at (405)366-5424.
